Platinum TE™ Paspalum

Platinum TE™ Paspalum, introduced in 2007 by Turf Ecosystems and Dr. Ron R. Duncan, revolutionized the turfgrass market. Platinum TE now covers the globe with projects in over 25 countries. This naturally selected paspalum is perfect for installation from tee to green. Platinum TE is an environmentally sustainable, salt-tolerant turfgrass with superior appearance, playability, and maintenance benefits for golf courses, sports venues, and other turfgrass areas.

PRODUCT FEATURES:

- Shiny, exceptionally dark green color
- Very fine leaf texture
- Exceptional canopy density
- Superior low light tolerance
- Rapid rooting and establishment from sprigs
- Aggressive grow-in from surface stolons
- Excellent disease resistance
- Tolerance of a wide range of mowing heights
- Minimal seed head production when under stress

Platinum TE™ Paspalum is the turfgrass of choice at some of the best facilities around the world including:

- Al Zorah Golf Club – Ajman, United Arab Emirates
- Baker’s Bay – Abacos, Bahamas
- Laguna National Golf and Country Club – Singapore
- Mazagan Golf Club – Casablanca, Morocco
- Minute Maid Park – Houston Astros Stadium – Texas, USA
- Mission Hills Haikou – Hainan Island, China
- Multiple stadiums and training fields in Doha, Qatar
- Muong Thanh Dien Lam Golf Course – Nghe An, Vietnam
- Polaris World – Murcia, Spain
- Puerto Azul Resort – Cavite, Philippines
- Tanah Merah Country Club – Singapore
- TPC Cartagena at Karibana – Cartagena, Colombia
- Twin Doves Golf Club – Binh Duong, Vietnam
- Yas Island Links – Abu Dhabi, United Arab Emirates
